

Teknik veriler

80PK-3A Yüzey Probu (K Tipi)

Temel özellikler

- Measurement range: 0 to 260 °C
- One year warranty

Ürün İncelemesi: 80PK-3A Yüzey Probu (K Tipi)

Fluke temperature probes expand the functionality of Fluke thermometers. The 80PK-3A Type K Thermocouple Surface Probe is designed for measuring the temperature of flat or slightly convex surfaces, with an exposed junction to allow direct contact with the surface being measured. The probe can be used with any temperature-measuring instrument that is designed to accept type K thermocouples and has a miniature connector input.
